

Intermediate Knitting – Improve Your Brain Elasticity!

Improve your brain elasticity in
this intermediate knitting class.

Braided & Crossover
Cable

Challenge yourself with this intermediate knitting class- it's great for brain elasticity, fun and so rewarding. You'll be amazed at how much you can learn in four 1.5-hour classes. If you know how to knit & purl but are still intimidated by knitting in front & back of the stitch, using a 3rd needle to cable, or creating a twisted effect, then this is for YOU!!

Cables, twisted-stitches, basket-weave, braid , lace and leafy are taught in this intermediate knitting class. You'll learn using squares, which you can later join together to make a beautiful patchwork afghan. Or you can enjoy as dishcloths or trivets. You'll learn many fabulous different stitches – enough so you can tackle anything!! Learn to read a chart, follow a complex pattern and keep working on fixing those mistakes that inevitably will happen. It's pretty amazing.
