

Knitting Project Class

Knitting Project Class – 1 Session

This is a great opportunity to finish that knitting project or begin one that you really want to do, but need a bit of help.

Perhaps you're in the middle and can't figure out what to do next. Or you love the pattern but can't decipher it. We'll teach you WHATEVER you need to know.

In this class I will help you with your own individual project. You will learn what is needed for your project – a particular cast on, cables, reading lace chart, finishing, joining, picking up stitches, etc. (Not necessarily all in 1 session, as I'll be circulating). Stay for the whole 2 hours and pick up tips from other knitters, or come for as long as you want to get your questions answered. It's an informal group for fun and learning. Maximum 10 people to a session guarantees lots of individual attention and learning in a comfortable, stress-free environment. Only \$18. Registration required.

Here are just a few of the many, many completed projects to date.

Knit Healing Shawl

Adorable baby blanket with sheep guaranteed to give baby a great night's sleep.

Top-down knitted tunic with pockets
