

Let's Knit Together – Socialize and get some help!

One of the great knitting experiences is to sit with fellow knitters, stitching and yes, bitching! Or stitching and laughing. Or stitching and sharing. Get the message? Knitting can indeed be a social activity, whether it's a rainy day or the sun is shining knitting is forever and always.

And one of the most frustrating knitting experiences is to be midway through a project and get stuff? Be frustrated no more. Join me and a few of your fellow knitters regularly during "Let's Knit Together" special hours and I'll help you over the bumps in your road to knitting up that special item.

Only \$25 a month. That's 4 – 2-hour get-togethers, working out to about \$3.00 an hour. You're worth it!!
